## INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

### RECORD OF EVENTS.

The regiment left Winchester for Romney May 5<sup>th</sup> arriving there on the 9<sup>th</sup> being 42 m. beyond next day for Petersburg a distance of 40 m. arrived there on the 10<sup>th</sup> and was received there by M. G. Fremont. Started again on the 11<sup>th</sup> for Franklin Disb. 30 miles arriving there the 13<sup>th</sup> reached until the 25<sup>th</sup> living during this time on 4 days rations, marched again for Petersburg arriving there early in the morning of the 27<sup>th</sup> marched again in the evening toward Moorefield 11 miles distant, camped 10 miles from that place, were inspected by A. D. C. to Genl Fremont, started again the 31<sup>st</sup> day for Sharpsburg, reached June 2, met the enemy there drove him from on the battlefield leading to Stanton. Started again

*John W. Jones*

on the 6th for Harrisonburg  
arriving on the 7th, left camp  
again on the 8th, left the  
main road, took a by-road lead-  
ing to Rock Republic. Heavy firing  
was heard in the morning and  
my regiment was hurried up  
in double quick time toward  
the battle ground. It was for-  
med in close column by Div-  
ision and declined as Reserve  
but the 8th Regt N. Y. S. V. being  
driven back Genl Stahl re-  
quested me to come to his as-  
sistance & I moved my reg-  
iment forward in a small  
woods deployed into line of battle.  
No enemy was to be seen only  
dead and wounded of the 8th  
Regt. N. Y. S. Vols. A battery  
of the enemy was shelling a  
battery of ours in the center  
and Capt Behrman coming up  
requested ~~us~~ <sup>8th</sup> <sup>7th</sup> <sup>8th</sup> <sup>11th</sup> <sup>2nd</sup> his bat-  
tery and ~~they~~ would bring up two  
pieces to shell the enemy and  
soon silence the same.

RECORD OF EVENTS.

During this time <sup>(3)</sup> I sent out Co.  
C. of my regiment, as skirmishers  
but scarcely ten minutes elapsed  
when heavy firing was heard in my  
left wing, the enemy was trying to  
outflank us and move our skir-  
mishers in. I immediately brought  
my regiment by a left wheel into  
a line of battle towards the enemy.  
The Rebels came within 30 yards  
when they poured a destructive fire  
into our ranks, the fire and the  
effects for a few moments was ter-  
rific. Several of my men fell but  
the horse of Major Tucker by my  
men stood the fire without wincing  
and greeted them with a tremend-  
ous shower of bullets. I ordered  
and immediate and desperate  
charge which caused them

*John W. Jones*

(4)

to fall back in great disorder but two regiments appeared at this moment, the 13 Georgia and 6<sup>th</sup> Louisiana who had outflanked us on our left without being seen and poured into us a deadly fire. Seeing that my regt. would either be cut to pieces or taking prisoners and having no reserve whatever to rely on I thought it best to retreat which I did in the best order keeping up a destructive fire while retreating. I rallied again in rear of Capt. Wetherill's Battery who poured a deadly fire of grape and canister into their ranks which cut whole gaps into it and compelled them to retreat in great disorder. I was then ordered ~~to go to~~ <sup>to join</sup> the Brigade when we ~~were~~ <sup>remained</sup> for the night. The casualties of my regt at the Battle of Cross Keys are as follows

Killed 7  
Wounded.

RECORD OF EVENTS.

*The Regiment to which this Company belongs was directed to break Camp on March 29. 1865 & proceeded to take its position on extreme right of Brig. on the occasion of the works of the enemy being abandoned & the Army ordered in pursuit. This Company was present with the Regt during the rapid & continuous March, taking part in all the skirmishing & other movements until the surrender of the Rebels upon the 7 April Court, whilst deployed in skirmish order, a portion of the Regt was suddenly overwhelmed by numbers of the enemy & had to yield themselves Prisoners, several members of this Company were so captured, but returned to the Regt & to duty when Gen Lee's Army surrendered. Since that event nothing has occurred of consequence to the health of Company good Discipline excellent*

*The Commander of this Co is  
the junior Capt. of the Regt. -  
The men are of excellent  
material, & the Co. when under  
Capt. Goodrich was the crack  
one of the regiment. At this  
inspection about twenty of  
the Men. Come & Private  
were not in Regulation Inspec-  
tion Order as regards their  
rifles, belts or Knapsack  
straps. A partial excuse  
was found in the fact that one  
of the Sergts. was acting as  
Sergt. Major, & that others  
were on other regt'l duties,  
which left the Command of the  
Squad chiefly to Corporals -  
While the Capt. & First Lieut.

RECORD OF EVENTS.

This Regt has been in the service nineteen months, during that time it has been with the army of the Potomac in the Campaigns of the Peninsular, Maryland & Virginia. Its ranks have been sadly but honorably reduced by the severe conflicts in which it has been engaged so that its aggregate number is now only three hundred & sixty seven, present & absent, although many men were dropped from the rolls who have been sent to Hospitals, sick and wounded, & owing to the neglect of surgeons have not been reported. This regt has fought on eight different battle fields (besides being engaged in many skirmishes) viz: Fair Oaks, Peach Orchard, Savage Station, White Oak Swamp, Charles City cross roads, Malvern Hill, Antietam & Fredericksburg.

Richmond. In these engagements the official reports will show it has displayed the greatest valor & discipline & heroic spirit. Its line has never wavered or broken in the severest conflict. It has never left the field or turned it back towards the enemy while a line remained in its front. At Fredericksburg it left the field, by order, after the sun had gone down & was one of the last regts to recross the river. at the battle of Chancellorsville it charged upon the enemy and driving them, captured the battle flag of the 4<sup>th</sup> Georgia regt inscribed, Williamsburg & Seven Pines. At the battle of Antietam the Regt. took two flags from the enemy & in connection with the 64<sup>th</sup> N.Y. Vols. consolidated with the 61<sup>st</sup> N.Y. Vols. Captured about three hundred prisoners (in the celebrated ditch in front of Richardson's Ditch) who were turned over to Lieut. Alford of Genl. Caldwell's Staff. Its achievements have become striking incidents in the history of the war.
